RFID? OUI!

We're trying something new this year: going cashless! When you present your ticket, you'll get an **RFID bracelet**.

WHAT IS RFID?

The short answer: it's **tap-to-pay technology**.

HOW DOES IT WORK?

First, buy credits at a **top-up station** using your debit or credit card. The credits will be loaded onto your bracelet. When you're ready to purchase an item, simply tap the module with your bracelet!

ARE THERE REFUNDS ON UNUSED CREDITS?

No. But you can **transfer your credits** to your friends. Simply go to the top-up station and follow the instructions.
